

Rajasthan and Kerala February 2026

Join the Khazana team in February 2026 as we visit two of our favorite states in India: Kerala and Rajasthan! We will begin our journey with a week in Kerala, checking out the Kochi Biennale Art Fair, experiencing the healing effects of Ayurveda, and relaxing in the palm-lined backwaters and spice plantations of this tropical southern state. Next we will venture north to the captivating desert region of Rajasthan to explore the legacy of the Rajput maharajas who helped make this state a hub for art, architecture, literature, and textiles. Participants have the option to join the trip to Kerala and/or Rajasthan.

Price inclusive of all in-country transportation, accommodations, unique expert-led cultural and educational experiences, and select group meals.
